

Electric Proportioners

Preferred choice for medium- to high-output foam or coatings applications

Reactor E-Series: High performance at an outstanding value

Equipped with material data and system diagnostics, Reactor E-Series proportioners provide total control. Advanced features provide longer equipment life, more uptime for your spray day and overall Graco reliability.

- Circulation valves with longer-lasting seals
- Heat transformers that don't require tap settings
- Longer-lasting modular heater control boards that minimize downtime
- Models include: E-10, E-20, E-30, E-XP1, E-XP2

Digital Heat and Pressure Controls

Allow you to precisely program temperatures and pressures, and monitor machine performance

Powerful Hybrid Heaters

Provide better temperature control

ISO Pump Lube System

Prevents isocyanate crystallization on the pump seal and shaft

Quick Knockdown Lower Pumps

For easy disassembly and maintenance

Rugged, Portable Design

Easy maneuverability around the jobsite

Electric Motor

Provides superior efficiency and performance

Circulation Valves

Reduce isocyanate crystallization while offering more controlled pressure balancing

Hose Control

Reliable and accurate hose connection system. Flexible fluid temperature sensor allows you to monitor and control temperature closer to the gun.

Heat Platform

Circuit board is divided into easy-to-replace modules that simplify troubleshooting and maintenance, maximizing spray time

COMPACT AND PORTABLE

◀ Reactor E-10

Get smaller jobs done fast without sacrificing performance. Graco's portable E-10 sprayers are ideal for plural-component spray, joint-fill jobs and touch-ups.

- Electric power is low draw and plugs into standard outlets
- Intuitive start, stop and digital temperature display with single knob operation
- Easy-to-service fluid section reduces maintenance and increases productivity
- Electric motor improves performance and reduces operating costs
- Heaters and hose give up to 2000 watts to pre-heat circulating material

Applications

Foam Insulation

- Rim joists
- Roof patching
- Prep work
- Window repair

Coatings

- Small industrial jobs
- Concrete joint filling and flooring applications
- Small tank spraying using cold spray polyurea
- Industrial maintenance
- Hybrid polyureas
