

## High Pressure Mixers

Nordson EFD offers a wide range of reusable metal mixers with either metal or plastic elements. Metal mixers typically feature pipe threads on both ends to simplify connection to material lines.

**We offer a wide range of high quality, moderately priced in-line metal pipe mixers with your choice of reusable metal or disposable plastic mix elements.**

### In-line Metal Mixers

- Series 70 Spiral Mixers
- Series 100 Stainless Steel Mixers

### In-line Plastic Mixers

- Series 85 Pipe Mixers
- Series 140 Disposable Plastic Tube Mixers (see pages 9-10)
